The Academy of Classical Ballet - CALIFORNIA is pleased to invite you to the holiday performances of our original ballet, "**A Winter Wonderland**". After our Spring production of "**Thumbelina**" being such a success, we are glad to bring something new to the theater that celebrates the beautiful season of Winter, as well as the holiday spirit. We couldn't be more elated to perform for you and offer a ballet that's a bit different from the typical holiday season offering.

"**A Winter Wonderland**" takes place deep in woods, on the cusp of Fall turning into a glorious Winter. Watch as the Winter Fairy, along with the help of her Ice Sprites, turn the land into ice and snow, while bringing to life many of the characters that make every holiday story so great. We don't want to give too much away, but some of those characters include: Penguins, Wolves, Elves, Candy-Canes, (a few surprises!) and much, much more. Be amazed as the season unfolds before your eyes and brings all of the smiles and fun that comes with it. You've never seen a Winter quite like this!

Our **three-performances** will take place over two days: **December, 11th & 12th, with two shows on Saturday, the 11th, at 2pm & 7pm, and one show on Sunday, the 12th, at 1pm. TICKETS ARE ONLY \$10. The performances will take place at The Campbell Community Center, located in Campbell, CA at 1 West Campbell Ave - Building N-76.** The show is for all ages and open to everyone with a fun and festive holiday spirit.
